PREFACE

This book presents the research results of the Cogito Hubert Curien bilateral research project “Good Local Governance: European Standards for Local Public Services in France and Croatia” carried out in 2013 and 2014. The project is the result of the collaboration between two research groups from the University of Valenciennes and the University of Zagreb, Faculty of Law, co-chaired by Didier Lhomme, of the University of Valenciennes, and Anamarija Musa, of the University of Zagreb. The project involved 22 researchers from 9 universities in France and Croatia. The project was supported by the Ministry of Science, Education and Sports of the Republic of Croatia, and the Francophone University Agency of France.

Special recognition for the scientific support of the project goes to directors of the research units in the respective universities: to Professor Ivan Koprić, from the University of Zagreb, and to Professor Stéphane de La Rosa, Jean Monnet Chair, from the University of Valenciennes, who also participated as the co-editor of this volume. We also greatly appreciate the support of her Excellency Mrs Ambassador of the Republic of France in Croatia – Mrs Michèle Boccoz as well as the support of the French Embassy and the French Institute in Zagreb, who were actively engaged in the project and welcomed its results. We would also like to thank the Zagreb Faculty of Law and the University of Valenciennes leadership and services, and especially the University of Valenciennes IPAG’s director Emmanuel Cherrier, as well as Ms Milena Baljak, the language editor, and Ms Petra Đurman, the assistant editor, for valuable technical support of the book.
